

AT LAST!! COX DELIVERS GUARANTEED CUTTER DECK CORROSION PROTECTION

PROTECTS COX CUTTER HOUSINGS FROM CORROSIVE ELEMENTS IN THE ENVIRONMENT.

1. "Metallisation Arc Spray" process used to coat the Cox Cutter Deck shell.
2. The process typically provides protection against corrosion for over 10 years.
3. The "Metallisation Arc Spray" process involves the spraying of molten zinc onto the metal substrate using highly specialised equipment.
4. "Metallisation Arc Spray" offers at least double the life expectancy of the protection available from standard Hot Dip Galvanising.
5. "Metallisation Arc Spray" is used on wind turbines, ocean drilling rigs and other marine applications which require heavy duty protection.
6. Cox Guarantees Cutter Decks with CuttAguard™ protection against corrosion for 5 years.
7. Available on all Cox Cutter Deck sizes – 32", 35", 38", 42" & 48".
8. Protects the cutter deck from corrosion when the mower is exposed to wet and humid conditions and chemicals such as fertilisers or weed sprays.
9. CuttAguard™ decks are available as a 'factory fitted' option to new mowers, and can be retro fitted to used Cox mowers. Check with your local Cox Dealer for pricing.

COX 'CUTTAGUARD™' IS AVAILABLE ONLY FROM SPECIALIST COX SERVICING DEALERS. SEE OUR WEBSITE FOR YOUR NEAREST.
